Students	Yes
Teachers	Yes
Employers	No
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

• Feedback from students is obtained on curriculum, teaching, teachers, facilities, support services and overall learner centric issues. And also by issuing blank papers to students to express their views with regard to the relevance, scope, employability, enrichment of knowledge, application of curricula. The data is analyzed by IQAC. The outcome is made available in the form of suggestions to the authorities and teachers for perusal and needful action. Feedbacks from students are taken with open ended options. • Feedback from students in the prescribed form, suggestion boxes, and student council meetings enabled the institution to come up with a proper analysis of the

feedback. • Alumni financed and supported the College to conduct Cultural Fest which is the result of their feedback. • Feedback from alumni is obtained at the time of Alumni meet annually. Its analysis is used in curriculum upgradation and other developmental activities of the College. • Feedback from parents is obtained at the time of parents meet. Their suggestions are reviewed and implemented within resources and operational constraints in the best possible way. • During the functions on various occasions the College invites industrialists as resource persons and guests and they are requested to make suggestions for updating the curricula, according to the demands of the current job market. The feedback is being obtained from the employers about our students' suitability for job in terms of knowledge, skill component and soft skills. • Our College invites prominent personalities on various occasions. They express their views in the visitors' opinion book. • During celebration of National and State Festivals, College invites prominent leaders of the society. They express their ideas on curricula. The College has a formal mechanism to obtain feedback from the stakeholders. The students, parents and other stakeholders and also the faculty give their suggestions / feedback in their respective meetings. At the end of every semester students are given feedback forms and asked to fill in the details and submit it. They are analyzed and forwarded to the respective BoS. Suggestion box serves as a good source of students' inputs regarding curriculum. It is placed in the College premises. The suggestions expressed on slips of paper are collected and analyzed by a committee for their incorporation into the syllabi. This transparent mechanism has helped the institution in communicating to the University on the need for suitably modifying or revising the curriculum. University and other stakeholders insisted on developing Research culture in the campus, which resulted in setting up of the Research Committee of the College. Many staff members and students have taken the benefit by undertaking research projects. Our College continuously interacts with our stakeholders such as students, parents, alumni, faculty members, management, University and Government from time to time on matters related to curriculum. At the same time feedbacks from all of them with regard to curriculum are also collected. Due care is given to analyze and disseminate the feedback inputs and implement the relevant changes and upgradations.

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

All the evaluation reforms of the affiliating University have been adopted by our College. Internal Evaluation is made as per the University guidelines. Apart from that our institution carries out CIE system in its own unique way. The freshers are informed about the evaluation process in the induction programme. Each paper of 100 marks carries 20 IA marks. Out of the 20 marks, 0410 marks are for two written tests and out of remaining 06 marks, 03 marks for assignments, seminars, sports, cultural activities, NSS and conduct, and 03 marks for attendance. In each course 2 Unit Tests are conducted for the award of IA marks. First Unit Test is conducted in the 8th week for 20 marks later reduced to 04 marks. Second Unit Test shall be conducted for 80 marks, on the University semesterend Exam model, in the 12th week later reduced to 10 marks. Display of IA marks on the notice board. There is no provision for the improvement of IA marks. The Exam Committee shall preserve the IA records of all the students till the declaration of the semester examination results. And it also preserves the answer scripts. A list of consolidated IA marks in all the papers of a particular semester duly signed by the HOD/Staff in charge and Principal shall be submitted to the University online prior to the date of commencement of the semester end examination. Master Register of IA marks is kept open for inspection by the University authorities at any time.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The College prepares an academic calendar which is the guide for conducting academic and nonacademic activities. Examination Schedules are prepared for every semester mentioning the exact dates for conducting internal tests. Examination committee prepares the plan of exams for the entire year, conducts regular meetings to review and modify activities if necessary. Talent Level Assessment Test at the beginning of the year for the entrants to identify the slow and advanced learners. The first unit test in the 8th week and the second unit test in the 12th week of the semester are planned. The exam committee is strictly adhered to the academic calendar and all the other related matters of exams are carried out as per the plans. Students have an easy access to teachers to get redressal for their grievances, if any, about internal assessment (IA) marks and grades of home assignments. The final IA marks statement for each semester is displayed on the notice board. Students are supported by the exam committed in any grievances with regard to the exams. They can apply for the recounting of marks. They can apply for the photocopies of answer books. They can apply for revaluation of their answer scripts, if they are dissatisfied with marks awarded. They can apply for challenge evaluation. They can apply for corrections in marks statement.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

The College has student council called "Student Parliament". The members of this parliament are selected on the basis of their merit in previous exams. It holds regular meetings to discuss about academic, sports and cultural activities. Major activities of the student Parliament are: to list the suggestions of students and convey them to the College authorities, to maintain healthy and creative atmosphere in the College campus and to take active part in conducting College activities like seminars, sports meets and annual day. The College has various academic and administrative bodies which comprise students as member representatives. Student parliament has representatives by each class and is headed by the general secretary. The IQAC includes three student representatives. The activities of the parliament are funded by the College. Three student representatives are nominated for IQAC every year: for 201819 Mr. Akash Honakamble, Miss Swati Joshi and Miss Rachana V. are the student representatives. Student secretaries are nominated for Athletics, Indian Games, Indoor Games, Volley Ball, Hand Ball, Net Ball, Foot Ball, Swimming, Cricket, Kannada Literary Association, Literary Association, Arts Circle, Planning Forum, Debate Union, Science Association, Commerce Association, Women Empowerment Cell, Environment Forum and College Miscellany. Apart from this, each class has a Class Representative to interact with the class and the college authority.

CRITERION VI - GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The KLE Society appoints the Principal and the Board of Management delegates the powers commensurate with the position of the Principal and his responsibilities. The Principal delegates the powers to the Heads of Departments to impart the curriculum and syllabi. In turn the Heads of various departments allocate the responsibilities and work amongst their departmental colleagues. College has installed and empowered IQAC and the Planning Board for achieving excellence in the institutional processes. Office administration is geared to help general administration ranging from admission to the conduct of examinations. Various committees are formed for organizing cocurricular, extracurricular and sports activities. Opinions and suggestions that are expressed in meetings and through suggestion boxes are given due consideration and promptly acted upon by the Principal and other faculty. The Principal encourages and supports the participation of students and teachers in seminars, conferences, workshops, Ph.D and M.Phil programmes, Refresher Course and Orientation programmes, publication of research papers, publication of books and many such steps to ensure creation and enrichment of knowledge. The Local Governing Body Meetings, staff meetings, meetings with the student secretaries, directives issued by the management, visit of the distinguished members of the Board of Management and the cooperation of various authorities associated with the management, activities of the student forum for cocurricular and extracurricular activities are all purposeful in fine tuning the institutional processes and activities to ensure compliance with our national policies of Higher Education and also the vision, mission and goals of our institution.

6.1.2 - Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Library, ICT and Physical Infrastructure / Instrumentation	Provision of spacious reading hall in the library with Digital Library and INFLIB Net facility, The Institution has maintained a pollution free campus, Cable TV connection installed in the ladies room, installation of CCTV as safety and discipline measure in the campus, installation of water purifiers for providing pure and clean drinking water, well equipped auditorium, free Internet access in the campus to students and teachers, funds for development of new infrastructure and renovation of existing infrastructure. The quality of infrastructure has a significant impact on students' attendance and reduced dropouts and change the behavior and attitude of the students.
Human Resource Management	Required qualified staff are appointed

	by the management to discharge regular and additional workload to keep them updated with latest developments, teachers are allowed to take part in OCs, RCs, seminars and workshops, increments are sanctioned annually, maternity leave of 180 days is available to lady staff members, placements and promotions are duly sanctioned, allowances are paid for participation in seminars and workshops, paid study leave are sanctioned to complete PhD course work, health insurance facility is available to staff and students at nominal premia and the institution adopted a mechanism of comprehensive evaluation of teachers.
Examination and Evaluation	College follows examination and evaluation reforms mandated by the parent University. College appoints a senior faculty member as the convener of the Exam Committee to conduct IA examinations. All the classrooms are equipped with CCTV to ensure transparency. The Committee conducts the 1st and the 2nd IA tests during 8th and 12th weeks of each semester. Teachers set IA question papers and hand over to the committee to ensure transparency. The internal test marks are displayed on the notice board and test papers are shown to students. University squad visits the College during semester end exams.
Research and Development Curriculum Development	PhDs, paper publications in journals, paper presentations throw light on the research culture of the institution. Students are also encouraged to involve in research activities. Institution encourages teachers to pursue PhD, submit proposals for Minor and Major Research projects to get financial assistance sanctioned. Free unlimited internet access for both staff and students is available. Guest lectures on research methodology, orientation are given to students and are encouraged to participate actively whenever any research activity is taken up. Students are encouraged to undertake micro projects and research activities on various issues having social and academic relevance. Our institution does not have any
	curriculum provided by any statutory agency. The curriculum that we are

mandated to deliver is the one provided by our affiliating University. Teachers are deputed to participate in orientation courses, refresher courses, seminars, conferences, workshops, etc., to enable them to keep themselves abreast with latest developments in the respective fields of their specializations. Curriculum designing and restructuring of courses is the prerogative of the affiliating University. However, the faculties of our College make significant contributions in the curriculum design and development. They act as BoS members and attend workshops on designing of syllabi. Systematic academic planning, use of

Teaching and Learning

the modern teachinglearning aids and extensive ICT adoption are incorporated for effective delivery of the curriculum. Remedial coaching classes for slow learners and intensive and special training for advanced learners. IQAC has made the teaching and learning process student centric and transformed the student community into lifelong learners by way of adopting the mechanisms: teaching with case studies, focus on teaching with digital aids, learning with guided assignments, seminars, GDs and debates, student seminars and to make teaching more interesting and activity based, teachers are encouraged to organize study tours, field visits and industrial visits.

Industry Interaction / Collaboration

Surrounding industries always extend their helping hand with financial assistance to organize field and industrial visits. Campus drives in collaboration with NGOs, sponsorship by surrounding sugar mills for conducting University and state level sports and cultural events. The industries are collaborated for conducting seminars, project works. Local sponsors are prevailed upon to collaborate for the social awareness programmes and competitions. Our College has established MoUs, collaborations and linkages with industries, banks, agribased research labs and publishers. Teachers visit industries, banks and others along with their students for carrying their research and gain practical knowledge about the working

	of such units.
Admission of Students	Admission committee monitors the admission process and is regulated by the State Government rules and regulation to ensure inclusive accessibility to disadvantaged sections of the society. On the basis of marks obtained at 2nd PU, the applicants will get admission. Admission process is transparent and adhered with the guidelines to meet the needs of the students, society, and providing an opportunity for students from Sociallyeconomically backward and disadvantaged communities of rural hinterland. Ours is an inclusive admission policy with access to all sections of the society with preference for girls and disadvantaged. Fees are
	collected only through bank chalans.

7.2 - Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practice 1 1. Title of the Practice: EXPERIENTIAL LEARNING THROUGH STUDY TOURS 2. Goal: Organizing regularly the study tours and field visits for the life science students in each semester is the effort of our institution to serve students for effective teachinglearning experiences. It provides a perfect platform for the students for interactions about the surrounding environment. It engages the students in higher order 'thinking' and investigation. The teachers play an essential role in making the students learning to a higher level. 3. The Context: Life science curriculum involves various issues related to the flora, fauna, their natural habitat and abiotic factors around the environment. Making the students to understand the various modules in the classroom is less effective. After regular teaching in the classroom, if the students are carried to the similar spots, then they will understand the concepts effectively under insitu platform. 4. The Practice: For each semester, the faculty of life science departments (Botany and Zoology) plan for the trips to different sanctuaries, national parks, forests, riverine environments, zoos etc. For every semester, the students will be intimated to get ready to join the trip informing their parents. With intimation to the head of the institutions, permissions will be sought from the concerned authorities with a request to assist for the successful event. Never the trips are cancelled by the departments. We are proud to organize regular trips beyond the campus. Constraints or limitation: Being the girls strength more in each semester, some times it becomes tedious to make arrangements for the night stay in the respective forests, sanctuaries etc. However, forest, wildlife department officials have been making their efforts for the comfortable stay for our girl students. 5. Evidence of Success: Before leaving the campus for study tour, our faculty guide the students about the aim, what is to be studied in the nature etc. Every time, we have succeeded in completing the tour according to the plan and schedule. We are proud to state that 'succeeded in reaching the set targets'. Profit: Apart from studying the nature, the students collect the material found in nature. Hence we get plenty of study material for the regular practicals. Both the life science departments do not get material from the firms / shops. What is collected by them is neatly preserved after the return and kept in the museum. Thus we get the (i) good material for regular practicals (ii) saves expenditure on purchase from firms (iii) some rare specimens collected during trips have been kept in our museum. 6. Problems Encountered and Resources Required: With the cooperation of parents, students, never we have encountered any problems. The only resource required is vehicle for transport and most of the times we book the government vehicles keeping in

mind the security of students. Group leader among the students takes the responsibility of everything 7. Notes (optional): Most of the times, trips are meant for recreation. But in our institution, students experience the syllabus standing amidst nature. Each student before completing the graduation, will participate in minimum two trips organized by the college. Thus our students stand better educated compared to the neighbouring colleges in a unique practice of teaching - learning adopted by the institution. 8. Contact Details Name of the Principal: U R Rajput Name of the Institution: KLE Society's Basavaprabhu Kore Arts, Science and Commerce College City: Chikodi Pin Code: 591 201 Accredited Status: 'A' during third cycle Validity Period: 16.09.2016 to 15.09.2021 Work Phone: 08388 - 272176 Fax: Website: http://www.klesbkcollegechikodi.edu.in E mail: klesbkcciqac@gmail.com Best Practice 2 1. Title of the Practice: REGULAR EXTRA CLASSES TO COVER THE ACTIVITIES OF STUDENTS LEARNING CAPABILITIES 2. Goal: The semester course is hectic. Four months schedule to complete the allocated syllabus is little tedious. Apart from this, making the students to participate at inhouse seminars, solving the previous year's question papers, providing extrainformation (beyond curriculum) for certain topics require extrateaching hours. In order to fulfil these activities, the department faculty thought of engaging some extra classes along with regular classes. 3. The Context: 90 hours is minimum availability for each semester as per the University Grants Commission guidelines. But sometimes, such 'real' working hours are not available for teachers to cover all the activities of "TeachingLearning". Hence extraclasses are essential. Instead of circulating notices for extraclasses for every semester, the department thought of engaging 'regular extraclasses' from the beginning of each semester. The same is once circulated to students through their emails. College time table being the basis, free hours for the respective semesters were found and made the students to attend the classes. 4. The Practice: The workload prescribed as per the parent (Rani Channamma) university is 16 hours per week. But during 201819, the department faculty have engaged 10 extra classes along with 16 regular classes. These extraclasses provided better opportunity for both students and teachers to complete the syllabus intime, engage inhouse seminars, and cover the 'beyond curriculum' etc aspects. Constraints or limitation: The students were very happy with 'regularextraclasses'. They attended according to the timetable of the department. Hence there were no constraints. 5. Evidence of Success: 100 percent syllabus completion is the bounded duty of the faculty. The entire allocated syllabus is completed within the scheduled time. Sometimes, the important topics were revised by the teachers. Successfully, inhouse seminars were conducted. Previous years question papers were solved. The success is reflected with the improvement in results of each semester compared to previous years. 6. Problems Encountered and Resources Required: NIL 7. Notes (optional): This unique practice is essential to provide sufficient time to cover the syllabus with focus on slow learners. Each student is advised to come prepared to participate in seminar presentation activity. No student is left from this activity to instil the stage courage during the seminar. Interactions at the end of the seminar made the students to become more prepared. 8. http://www.klesbkcollegechikodi.edu.in/igacdocs/Best%20practices.pdf

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Our institute is distinct in the following ways: The institution has the practice of felicitating the achievers in examinations in front of their parents. Many of our department faculty members have been encouraging the brilliant students (100 out of 100 in different subjects) by providing cash prizes. Financial Support to the Economically Weaker Students from Staff Members Fund is the unique practice. The students from rural background and economically weaker sections of the society need the financial support. To uplift their education status for further progress and to avoid the discontinuation of their studies such a kind of support is the need of the hour. In accordance with that every year nearly about 20 students are given the amount of Rs. 1000/ each. We always tap the talented students in cultural and sporting events, along with the students interested in serving the nation. Thus the respective talented are chosen to represent the college team in competitions related to cultural and sporting events. Interested students to serve the nation have been inducted as volunteers in NSS and NCC units of the college. All the heads of the departments always communicate with IQAC through registered departmental email IDs. (From the respective department email IDs to the IQAC email ID and vice versa) Most of the departments have created the email IDs of the students and communicate with them through email in respect of study materials, information to be circulated, etc. Study tours are regularly conducted by the select departments to promote the experiential learning among the students. Campus is free from eveteasing and ragging activities. We are environmentally conscious and hence our efforts are continued to increase the green cover on the campus. Now, most of our campus area (the land which is full of boulders) is covered by trees.
