15. Multidisciplinary / interdisciplinary

All the courses offered under the different programs of UG and PG education in our institution are multi/interdisciplinary in nature. Apart from this, the certificate, value-added, skill-based, and outcome-based courses introduced in our college are interdisciplinary. National Educational Policy-2020 mainly talks about two important aspects Multidisciplinary and Interdisciplinary approach. Karnataka is the first state to implement NEP in the country, Under this scheme students have been given maximum flexibility to opt Open Elective Courses (OEC), Skill Enhanced Courses (SEC), and Discipline Specific Courses (DSC) listed by the affiliating university, while admitting them to different programs.

16. Academic bank of credits (ABC):

The flexibility in all our academic programs will help the students to seek employment after any level of award and join back as and when feasible to upgrade their qualifications. This will reduce the dropout rate and thus help to improve Gross Enrolment Ratio (GER) in higher education. As per NEP-2020 multiple entries and exit options are informed to the students who were enrolled during the academic year 2023-24. The affiliating university is providing Academic Bank Account for the students and it allows them to earn, accumulate, and transfer credits from various e-platforms offered by the Govt. of India like SWAYAM, NPTEL, MOOC, etc... We encourage a blended learning mode in which students will be allowed to earn credits from various online courses, and across different disciplines this enables them to enhance their credentials with knowledge.

17. Skill development:

NEP syllabi framework is highly oriented towards skill inclusive education and our institution imparting the skill oriented courses involving language skills, communication skills, physical education activities, yoga, computer-assisted web-based learning,

ethics, and self-awareness, enhancing scientific temper through e-resources, social and environmental responsibility, civic sense, national integration and creating research culture environment among the students.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The Indian Knowledge System(IKS) teaching integrating with different local languages, tourism, socioeconomic aspects, mass communication, Indian polity, and culture. Integrating science streams like Chemistry with Bio-chemistry, life science with applied subjects, Mathematics with laboratory teaching, and Physics and Computer Science with Bio and Statistical applications is introduced by the Board of Studies of affiliating University. The history syllabus framework is rescheduled with a traditional touch to historical and rich heritage sites. More archeological survey work is being considered under the History subject to promote students' involvement in fieldwork. The due importance is given by the Government of Karnataka to the regional language in Higher Education. Encouraging the teaching staff to participate in the IKS Workshop/Conferences/Seminars and motivated the students to earn credits from online IKS MOOC Courses relating to ancient Indian sciences and arts. Bharatiya Khel: is an initiative of IKS under NEP-2020 and in line with this incorporating Indian games like kabaddi, Kho-Kho and Chess, etc.. in a sports day.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

For all the courses with effect from 2021-22, the structure and syllabi is designed and developed as per CBCS in accordance with Learning Outcomes based Curriculum Framework (LOCF) of NEP 2020. Based on the LOCF, for all the courses, the course outcomes, program outcomes, program specific outcomes are displayed on the website and in the prime places of the institute. Apart from this, in class room, teaching Learning Objectives and Learning Outcomes also informed to the students.

20.Distance education/online education:

Encouraging faculty members to develop and share curriculum related e-contents to the students through an institutional repository, Google Classrooms, YouTube and WhatsApp group so that students can access at their convenient time. Major activities of the institution are also available on social media platforms like FaceBook:<https://www.facebook.com/klesbkclegechikodi/>, Instagram: <https://www.instagram.com/kle.bkcollegeofficial/> and YouTube:

<https://www.youtube.com/@kleb.k.collegechikodi2401/streams>. Apart from these we adopted online programs such as e-poster presentations, webinars, Quiz competitions, etc... for the enhancement of quality of the education.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The Institution has a systematic structured curriculum delivery plan and documentation.

UNIVERSITY LEVEL: The curriculum is transacted by Rani Channamma University, Belagavi. At the beginning of the academic year, the curriculum is designed and developed by the Board of studies of the respective subjects.

COLLEGE LEVEL: Our institution has a well-planned mechanism for the delivery of the curriculum. The syllabus is distributed to the faculty by the HOD. The committee prepares a master timetable and same is the basis for the departments to prepare their timetable.

DEPARTMENT LEVEL: HODs send their data files and templates through

email to the IQAC. IQAC uploads the relevant documents to the college website. The syllabus distributed to each faculty is made known to the students well in advance. Teachers complete their allocated syllabus within the scheduled period. HODs review the syllabus completed by each faculty in Departmental meetings. Students participate in class seminars (in-house) and these activities are supervised by respective teachers. All the teachers maintain their daily work done diaries and the same are observed and reviewed by the HODs and Principal. In partial fulfillment of the syllabus, field visits, study tours, industrial visits, etc., are organized by some of the Departments.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE). The calendar of events is prepared by the parent university and sent to the affiliating colleges well in advance.

Academic Calendar is prepared by the members of the IQAC. University notification is the basis for the institutional calendar. The schedule of the institution for each academic year is chalked out by the college well in advance. The schedule includes all the details of academic, co-curricular, and administrative events. Each event mentioned in the academic calendar is meticulously chalked out for the effective implementation of the curriculum which synchronizes with the institution's goals. Each department prepares its own calendar based on the calendar prepared by the IQAC.

The first Continuous Internal Examination (CIE-I) is conducted 8th weeks after the commencement of the classes. CIE - II is conducted after the 12weeks of class work. The CIE is carried out in accordance with guidelines given by the affiliated University. All question papers are set based on the university format. All IA marks are uploaded to the university website (UUCMS) by the respective Departments.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Professional Ethics: Through the topics of different courses students in any one semester will be able to know the importance of ethics in undergraduate education. Faculties feel that our students are developing holistic approach towards value-based living.

Gender: Equal opportunities are given to both the genders in terms of training, sports, cultural activities etc., and hence gender is not an issue on our campus. Gender-related issues are addressed by resource persons in some programmes organized by the college. Modules on gender bias, right to equality and non-discrimination have sensitized our stakeholders. Ours being co-education college, both girls and boys together participate in various academic, co-curricular and extracurricular activities.

Human Values: Along with progression, students are trained to

become responsible citizens of the society in which they live. This course helps to prepare students for a life of social responsibility. Students are informed to imbibe significance of value education, responsible behavior and social responsibility. Environment and sustainability: Environmental studies, energy resources, environmental impact assessment, ecological balance for sustainable development, impact of developmental activities on the environment etc., are taught to the students through the prescribed syllabi. The syllabus was taught at one of the short term course for 30 hours. Our students are environmentally conscious and aware about its significance, as a result our campus is lush green and free from plastics.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The institution assesses the learning levels of students through a prescribed method and organizes special programmes for advanced and slow learners. We serve the students of different backgrounds and abilities and thus cater to the student's diversity.

Assessing method: To determine the learning ability of students we are conducting induction test at the entry level. Students are classified as slow learners and advanced learners based on their performance in the induction test and marks obtained in PUC-II examination.

Classification:

- Students scored below average are slow learners.
- Students scored above average are advanced learners

Strategies for Slow Learners:

- Teachers provide solved previous year question papers and scheme of evaluation.
- Individual academic performance is evaluated by the marks secured in internal tests.

Outcomes:

- Gained confidence to face examinations.
- Actively participated in the seminars.

Strategies for Advanced Learners:

- Guidance to the students to present papers in academic platforms.
- Encouraging students to participate in competitions.
- Created interest among students to work under a team in Small Projects/Research Projects/Paper Publications.
- Faculty insist students to enrol for MOOC, SWAYAM, NPTEL and other courses from various e-platforms offered by the Govt. of India.

Outcomes:

- Scored cent percent marks in various subjects.
- Secured 6th Rank(UG)to Rani Channamma University, Belagavi.
- PG studentqualified the KSET examination conducted by the Govt. of Karnataka.
- Students actively participated/presentedin Seminar and Workshops.
- Placed in various MNC/IT companies.
- Involved in Research Projects and Published Research Papers in peer reviewed journals.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Experiential Learning:-

Field visit and Study Tour: PG Department of Botany, Chemistry Departments visit every year. PG Department of Commerce has visited Suvarna Vidhana Soudha, Belagavi and Students came to know about legislature ruling party and opposition party responsibilities. Science Departments do practical's related to theory classes, thus help to understand theory concepts in a better way.

Participative Learning: -

Faculties conduct classroom seminars, home assignments are given to each student during each semester.

Debate, Essay writing and Quiz competition: Few departments conduct Debate, Quiz, Power Point/Poster presentation, Essay writing competitions. Encourage students to participate in various State and National level competitions..

Poems/Articles writing for College Magazine Parimiala : Talented students involve in writing poems, articles for college magazine. This participation has enhanced their writing skills.

Problem Solving Methodology:

Dissertation writing: Some of the Departments involve students in small projects. Some of these are based on the curriculum of the affiliating university and many are beyond syllabus. This has been benchmark attempt for our students to orient themselves towards research.

To enhance entrepreneurship skill Entrepreneurship awareness program organized and

To create awareness among students about cyber crimes PG Department of commerce and Department of Journalism and mass communication in association with Cyber Economic and Narcotics Crime Police Station organized Workshop on Cyber Crime.

Many students in groups are informed to visit banks, markets, cooperative societies etc. These efforts instill confidence among the students about the realistic functioning of various finance transacting units.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Several ICT tools are used in the teaching-learning process. To help students better understand the concepts, teachers have created PowerPoint presentations on a variety of subjects. In addition to conventional classroom instruction, teachers have been utilizing projectors and smart boards to conduct lectures. WhatsApp groups have been established for the purpose of communicating with students and disseminating academic-related information, such as university announcements, college notices, study materials, competition details, scholarship details, academic programs, YouTube video links, e-pg phathashala links etc.

The Google Classroom app has been utilized to keep in touch with students and encourage their participation in the learning process. To enhance the subject knowledge of the students, Quizzes for each unit have been administered using Google Forms and provided the key answers for those. Faculty members developed and shared their e-content video lectures to the students on curriculum so that students can access at their convenient time. Students are registered in N-List to access e-books and e-

journals. Encouraging students to enrol in online courses like SWAYAM, MOOC, and NPTEL to earn academic credits.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

We have transparent mechanism for assessment of answer scripts for theory and practical internal examinations. Valued answer scripts are shown to each student. In the beginning of the academic year, IQAC prepares an academic calendar which summarizes the events, examinations and other activities planned in that particular semester. Internal Test schedule is prepared by college Examination Committee. Extra classes, if necessary, are conducted to cover the back log of the syllabus due to holidays. Assignments are given to students as per the requirements of examination system of the affiliating university. Question paper pattern along with marks distribution pattern of theory examination and scheme of assessment for practical examination is notified to the students well in advance. First IA and II-IA test is conducted for

30 marks. The secured marks will be taken as average, 5 marks are meant for assignment and 5 marks are meant for seminar. Total 40 marks is the internal assessment. Final IA marks list will be notified to the students and it will be uploaded on UUCMS Portal. Before commencement of the theory examinations conducted internal practical examinations for 25 marks. First IA test and Second IA test is conducted as per the affiliating university guidelines. For each course theory and practical examination will be conducted for 60 marks and 25 marks. Our college is one of the four nodal centres of Rani Channama University to conduct special examinations.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The faculty involve themselves to solve the internal examination related grievances of students. Both the teaching and office staff assist the students to overcome the external examination related grievances. College Level: If a student is not able to appear for examination due to medical or any genuine reason examination is conducted for that student as per norms. The grievances of the students with reference to assessment are made clear by showing their performance in the examination. The answer scripts of students are assessed by the faculty. The Institute follows open evaluation system where the student performance is displayed on the notice board and informed to the parents through the mentor. Attendance consolidation: At department level attendance is consolidated per semester and informed to the students about their status. Shortage of attendance list will be published on the notice board. University level: Students who score fewer marks than expected in external examination will immediately consult their respective teachers and discuss about the matter. If found, genuine students will be informed to apply for Xerox copies of answer scripts and revaluation. In many cases, the students marks have increased after revaluation, thus students are grievances are redressed. On an average, 2 percent of the students participate in this process and our office has maintained the records pertaining to this.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

To effectively transmit knowledge about the subject at hand, each course's syllabus and specifications must be well-structured. W. e. f 2023-24, NEP 2020's Learning Outcomes-based Curriculum Framework. Changes are submitted to the IQAC and posted on the college website whenever they are made. The Pos and Cos are displayed on the prominent places of the institute. In class room, teaching Learning Objectives and Learning Outcomes also informed to the students.

LOs and COs are stated for all the certificate/ value added/ add-on courses offered to students.

COs: Course modules are listed by faculty members in a manner akin to a table of contents. Students receive notice of the course schedule well in advance.

LOs: At the conclusion of the program, LOs outline the knowledge, skills, and abilities that students should possess.

POs: POs are statements that outline the skills that students should possess upon completion of any educational program.

COs: COs are statements that outline the skills that students should possess at the conclusion of a course. POs are created by faculty for every program that students must complete. Every department discusses the syllabus as prepared by the affiliated university. Each department has examined and compiled the POs, PSOs, and COs, which are subsequently posted on the college website.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Academic programmes offered by institution have clearly stated learning outcomes. POs are integrated with institutional goals and objectives. The curricula and programme are developed keeping in mind academic and vocational excellence. The institution has structured evaluation procedures for IA tests and Semester End Examinations. Assessing student's placement is another method used by the institution to validate the LOs. The performance of the students in curricular and co-curricular activities also provides valuable insight as an achievement on the LOs. Student LOs also gauged from (a) Placement (b) Progression (c) Feedback from parents and students. Result is analysed at department level and the same is brought to notice of IQAC. Student's Grade Point is taken as benchmark to ensure the achievement of COs. If GP is 9 or above then all COs and POs are attained and if GP is less than 4 are considered as not attained the minimum POs and COs. IQAC monitor the feedback from teachers, students, alumni and employers with reference to the significance and application of syllabus. Suggestions of stakeholders are forwarded to the BOS of their respective subjects.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

Solid waste management

- **Garden wastes (Dry)** are collected periodically and are dumped in dumping pits in the campus.
- **Solid waste like window frames, wood/plywood pieces, patra GI etc** are disposed off to the authorized dealer.

- Green garden waste is collected and put into vermicompost unit and is converted into vermisoil so that it can be used in maintaining the herbal garden and shade house.

Liquid waste management

Chemistry Laboratory waste, which is the matter of concern as far as environmental issues are concerned. The waste water produced is led into the chamber through the pipelines. As we are using acids and bases very often during the laboratory work, the PH of the contaminated water changes obviously. We have developed a unique way of testing the PH of the waste water collected in the tank by using litmus.

Waste Water Recycling:

Waste water is generated in the campus include sewage, hostel and mess effluent waste. The entire treated water is used for watering the gardens and Sewage treatment plant is dried and used as manure for the gardens. The entire waste water generated in the campus is treated and reused.

E-waste management:

E-waste is disposed to the authorized persons meant for the purpose as per the instructions given from the Head Office. The non-functional computers, equipments and its peripherals are safely disposed.

Hazardous waste management:

Exhaust fans are installed to exhaust Hazardous gas. Hazardous gases are avoided using green chemicals.
