Department of Zoology

Learning outcomes

- LO₁ Students develop advanced knowledge relevant to Zoology
- LO₂ Students will better understand about useful and harmful animals and their interactions with the environment
- LO₃ Students are exposed to wide range of animal groups both living and extinct
- LO₄ Helps the students to document 'wide range of solutions' that animals have evolved to deal with their biotic and abiotic environment
- LO₅ Learning zoology helps to acquire practical skills leading to research both in the laboratory and at the fields
- LO₆ Enable the students to undertake a quantitative and qualitative approach to analyse and interpret the data gathered
- LO₇ To foster the development of students as critical, mature and independent individuals
- LO₈ To enhance student's employability particularly for a career in Zoology and for relevant post-graduate study
