- ❖ A sharana who lived pious life

Dr. Prabhakar B. Kore Ex-M.P.

Chairman
Board of Management, K.L.E. Society, Belagavi

About The Society

The KLE Society, which was founded in 1916, has been playing a key role in the academic and socio-economic uplift of North Karnataka region. KLE is synonymous with India's Educational Spectrum. Its success story, of the nearly ten decades portrays the dedication with which millions of the people worked selflessly in the making of the 'KLE'. Its more than 310 + institutions spread across Karnataka, Maharashtra, Goa, Delhi, etc., narrate amazing stories differently. Our alumni, spread across the world, are our brand ambassadors promoting KLE Culture.

"The Saptarshis"- (Seven Saintly teachers) a band of seven self-less, dedicated and inspiring young graduates had determined to establish an educational institution. They had set before them as beacon lights the ideals of Truth, Love, Service and Self-Sacrifice.

With poignant desires, fertile imagination and a mission to fulfill, the founder life-members started on the 13th day of November 1916 the Anglo Vernacular School in a rented building in the fort area of Belagavi, which heralded the beginning of the Karnatak Lingayat Education Society.

Over the years, the institutions from Kindergarten to Post-Graduation found their place in the educational map of the K.L.E. Society. At present, this educational empire is running the institutions in all the spheres of knowledge such as, Humanities, Physical Science, Medical Science, Agricultural Science, Engineering and Technology, etc. The society has entered into collaboration with as many as fourteen foreign Universities.

Taking health care services to door steps of poor, needy and downtrodden people through 2400 beds, K.L.E S Dr. Prabhakar Kore Hospital and Medical Research Centre, Belagavi, has been identified by the survey conducted by India's Express Health Care magazine confirms the ranking of the hospital as one of the best hospitals in South India.

Initiating a number of new academic programmes through its constituent colleges, K.L.E. University, under its Chancellor Dr. Prabhakar Kore, is now focusing on Biomedical research by receiving research grants from the National Institute of Health, U.S.A. and the World Health Organization.

In the course of 10 decades since its inception, the society has established more than 310 institutions. It has employed 18000 personnel and about 1,38,000 students are studying in its institutions. Because of the outstanding contributions made by K.L.E. Society in the field of education under the Chairmanship of Dr. Prabhakar Kore Ex-M.P., Karnatak University, Dharwad honoured him with a Doctorate. Similarly, the Government of Karnataka has awarded him "Karnatak Rajyotsav Prashasti". Dr. Prabhakar Kore M.P., "Arya Bhata" awardee, is also the Chairman of the Task Force of Belagavi District. The K.L.E. Society is never complacent with its present achievements. In these days of globalization the society has geared up to be global.

Principal, Udaysing R. Rajput M.Sc

It gives me an immense pleasure to welcome all the students of UG and PG courses.

The college established in the year 1969 is one of the pioneer institutions of the KLE Umbrella to impart education for the young minds of this part of Karnataka. The college is accredited at 'A' grade thrice (2004, 2010 and 2016) by NAAC and accredited at A+ with 3.42 CGPA in fourth cycle.

We provide our students an environment rich in knowledge and encouraging their curricular and co-curricular interests. The college practice innovative teaching methods and organize activities regularly to nurture our students in all respects. We mould our students for acquiring knowledge and equip better to face the global challenges.

Our faculty work hard to provide all their expertise to the students. Eminent personalities are invited from all walks of life to interact with the students for better exposure to new thoughts and ideas.

The students are encouraged to participate in various seminars, symposia and conferences to share their innovative ideas in different levels of academic platforms. Our students are doing very well in semester end examinations, various competitions related to curriculum, cultural and sports.

OUR STUDENTS NEED TO GEAR UP TO FACE ALL THE CHALLENGES.

MY BEST WISHES TO ALL THE STUDENTS

OUR COLLEGE:

Our KLE Society's Basavaprabhu Kore Arts, Science and Commerce College, Chikodi, a center for excellent learning, was founded in the year 1969 with a vision to provide education for the empowerment of the rural youth.

Since the year of inception we have been pioneers to motivate and develop competence in students who are basically from socially and economically disadvantaged groups. Our college has been endeavoring to upgrade rural talent to the urban competency level. Acknowledging this unique effort and quality the NAAC accredited our college at "A" grade in 2004, Accredited at "A" grade in September, 2010 with a CGPA of 3.22 in second cycle, Accredited at "A" Grade in September, 2016 with CGPA of 3.26 in Third Cycle and Accredited at "A+" Grade in May, 2022 with CGPA of 3.42 in Fourth Cycle.

Our college is located in the Belagavi District of Karnataka State. The campus is spread over an area of 23.12 acres. We provide education in Arts, Science and Commerce. Besides, the college offers PG Courses in Commerce and Management and Botany. Our College has been a member of APQN (Asia Pacific Quality Network).

Our College is most reputed for state of the art infrastructure. The play Ground, newly constructed indoor stadium and swimming pool have enriched the scope for all round development of student personality. It has a lush green campus and eco-friendly ambience. It has played a leading role in empowering the rural youth for the last five decades and is fully committed even to the future rural youth.

PLEDGE

“India is my Country, All Indians are my brothers and sisters. I love my country and I am proud of its rich and varied heritage. I shall always strive to be worthy of it. I shall give respect to my parents, teachers and all elders and treat everyone with courtesy.

To my country and my people, I pledge my devotion. In their well-being and prosperity alone lies my happiness”

SLOGAN

Learn by innovation

VISION

“Education for Empowerment of the Rural Youth.”

MISSION

- To develop the competence for employability and self-reliance.
- To Educate socio-economically disadvantaged students.
- To Make students responsible citizens, instill discipline and a sense of patriotism

GOALS AND OBJECTIVES

- To impart quality education to all youths.
- To provide a resources , skills and technology required for all-round personality of the students.
- Motivating towards critical thinking and the practical applications of knowledge.

ELIGIBILITY FOR ADMISSION TO THREE YEAR DEGREE COURSE AND TWO YEARS PG COURSE

BA., B.Sc. and B.Com

Part – I : The candidates should have passed PUC II year from Karnataka P.U.E. Board or any equivalent recognized by the affiliating University

Part – II: The candidates should have studied the BA., B.Sc and B.Com part –I class of the Rani Channamma University, Belagavi keeping academic terms to a minimum of 75 % attendance, with good conduct.

Part – III: The candidates should have studied BA., B.Sc and B.Com part –II class of the Rani Channamma University, Belagavi keeping academic terms to a minimum of 75 % attendance, with good conduct.

Since there is a provision for improvement of academic qualifications re-admission to any classes is not allowed. Transfer of the students from one college to another college outside chikodi will be done only with the NOC of the both the colleges as well as the permission of the affiliating University, provided the same combination of the subjects should be available in both the colleges. But under any circumstances transfer will not be made from one college to another college in the same city.

Each subject combination has a definite intake capacity. The principal has every right to stop, continue or restrict the number of students for a specific combination. Students may be asked to offer the prevailing combination.

The eligibility condition for above mentioned various classes are subjected to variation as per the latest rules and regulations of Govt. of Karnataka, Rani Channamma Univeristy, Belagavi and the institution as the case may be.

M.COM & M.Sc Botany Courses:

Choice Based Credit System with semester scheme

Eligibility for admission of M.Com:

- 45% of marks in B.Com for general merit
- 40 % of marks in B.Com for SC / ST / Cat-I

Eligibility for admission of M.Sc:

- 45% of marks in B.Sc (Botany as core Sub) for GM
- 40 % of marks in B.Sc(Botany as core Sub) for SC/ST/Cat-I

Admission as per Govt. rules

Students from other than Rani Channamma University have to bring Eligibility Certificate from Rani Channamma University, Belagavi .

CORE VALUES

POLICY DOCUMENT ON ENVIRONMENT AND ENERGY USAGE

The Environment and Energy usage Policy is to manage energy so as to minimize its impact on the environment. Our policy is to use the renewable energy resources to reduce the burden of the government and to find solutions to the energy crisis. This policy applies to all its stakeholders and to the various activities undertaken by the institution. It will help us arrange environmental awareness activities.

Policies:

- ◆ To sensitize students towards a Clean, Green, and Sustainable Environment
- ◆ To conduct energy audit every year by recognized agency
- ◆ To restrict entry of automobiles
- ◆ To use bicycles, public transportation and use of pedestrian-friendly paths
- ◆ To install solar water heating panels
- ◆ To install LED bulbs in the complete campus to save energy
- ◆ To develop systematic waste management mechanism
- ◆ To undertake tree plantation drive
- ◆ To take additional measures to continuously improve our energy consumption
- ◆ Smoke-free and tobacco-free campus
- ◆ To restrict single-use plastics
- ◆ The college has to adopt means for energy saving, proper management of waste, and underground water recharging with rainwater

GREEN CAMPUS POLICY:

- ◆ To adopt responsible practices in our daily activities with due regard to the environment.
- ◆ To set and continually review objectives and targets for achieving our goal to protect our entire college premises from all pollutions primarily
- ◆ To seek to comply with safety and environmental regulations to implement in-house standards to improve our environmental performance
- ◆ To commit ourselves to the safe operation of all our working habits, be it in class rooms, library, canteen, on road, off road, in-campus out-campus as well as at our place of stay
- ◆ To adhere to reduce environmental load by efficiently using resources, saving energy, reducing waste, encouraging material recycle, with special emphasize to minimizing emissions of green house gases, ozone depleting substance and particle matter. We endure to minimize environmental loads and adopt environmentally friendly technologies when ordering and purchasing necessary products and resources
- ◆ To endure to attend educational programs and promulgate our close friends and colleagues to follow suite
- ◆ To endure to ensure that we recognize the essence of this Green policy by actively and aggressively conducting workshops and training to all in environmental concepts
- ◆ To make wide ranging social contribution to close association with the students, teaching staff, administrative staff, housekeeping staff by disclosing environmental information and supporting environmental consumption

ANTI HARASSMENT CELL FOR WOMEN

Objectives :

The objectives of the Committee are:

To prevent discrimination and sexual harassment against women, by promoting gender amity among students and employees; Make recommendations to the Director for changes/elaborations in the Rules for students in the

Prospectus and the Bye-Laws, to make them gender just and to lay down procedures for the prohibition, resolution, settlement and prosecution of acts of discrimination and sexual harassment against women, by the students and the employees; Deal with cases of discrimination and sexual harassment against women, in a time bound manner, aiming at ensuring support services to the victimized and termination of the harassment.

FUNCTIONS OF THE CELL

The office of the Cell is an educational resource as well as a complaint centre for the members of the faculty, staff and students of the College. Its mandate is :

Research Laboratory

Students studying in rural colleges need to be oriented towards research. In order to motivate them, a perfect research laboratory is necessary. Poor students with economically backward status if exposed to the available resources can make up their mind to contribute towards progress of the nation. Many rural science students face distinct challenges after completing higher education, due to the lack of research experience. Vision Group on Science and Technology [VGST], Government of Karnataka has fully funded grants for the establishment of research facility. KLE Society Belgaum has also supported the college financially as matching share to make scientific laboratory as reality. Now this laboratory has 2 unique and distinct scientific instruments (a) impedance analyzer with temperature dependent up to

800 0C and (b) electrochemical analyzer. This facility generally we see in only reputed universities, not in rural colleges like us. Providing an international level high end research facilities is a challenge for any Higher Education Institute, but proud to state that “we have this state of the art facility”. This facility invites the students to gain knowledge. This is the unique research facility and no other degree college has.

We have M.Sc Botany in our college. A few are highly qualified staff with Ph.D in the subjects like physics, Chemistry, Botany and Zoology. Our teachers are competent enough to educate our degree students with NEP syllabus. Moreover, a few of the faculty are research guides. Those students who wish to proceed further in higher education will get all the required knowledge about scientific instruments, handling and obtaining data generated etc. Thus our students are fortunate enough to work in an environment of research culture.

In a nutshell our research laboratory is a unique and distinct facility to the college as well as to students. Our students will participate and publish the scientific data in journals of international repute with the support of qualified staff.
